

534 SCHOOL MEALS POLICY**I. PURPOSE**

The purpose of this policy is to ensure that students receive healthy and nutritious meals through the school district's nutrition program and that school district employees, families, and students have a shared understanding of expectations regarding meal charges. The policy of the school district is to provide meals to students in a respectful manner and to maintain the dignity of students by prohibiting lunch shaming or otherwise ostracizing the student. The policy seeks to allow students to receive the nutrition they need to stay focused during the school day and minimize identification of students with insufficient funds to pay for a la carte items or second meals as well as to maintain the financial integrity of the school nutrition program.

II. PAYMENT OF MEALS

- A. All a la carte items or second meal purchases are to be prepaid before meal service begins. Parents choose and pay for what a la carte items or second meals they would like to purchase within our online ordering system. Ordering dates will be clearly posted online and communicated to parents ahead of time. If an a la carte item or second meal has not been ordered ahead of time, that a la carte item or second meal will not be served.

If the school district participates in the United States Department of Agriculture National School Lunch program and has an Identified Student Percentage below the federal percentage determined for all meals to be reimbursed at the free rate via the Community Eligibility Provision must participate in the free school meals program.

- B. A school that participates in the United States Department of Agriculture National School Lunch program and has an Identified Student Percentage at or above the federal percentage determined for all meals to be reimbursed at the free rate must participate in the federal Community Eligibility Provision in order to participate in the free school meals program.
- C. Each school that participates in the free school meals program must:
- (1) participate in the United States Department of Agriculture School Breakfast Program and the United States Department of Agriculture National School Lunch Program; and
 - (2) provide to all students at no cost up to two federally reimbursable meals per school day, with a maximum of one free breakfast and one free lunch.
- D. Once a meal has been placed on a student's tray or otherwise served to a student, the meal may not be subsequently withdrawn from the student by the cashier or other school official, whether or not the student has an outstanding meals balance.
- E. Aspen Academy does not have snacks available for purchase.

- F. All meal orders are connected to a specific student in the ordering portal. Funds/meals may not be transferred between sibling accounts unless written permission is received from the parent or guardian.

IV. UNPAID MEAL CHARGES

- A. All Aspen families must pre-order a la carte items or second meals ahead of time. If an emergency a la carte item or second meal is given, the charge will be posted on the food ordering portal. The charter school will make reasonable efforts to communicate with families to resolve the matter of unpaid charges. Where appropriate, families may be encouraged to apply for free or reduced-price meals for their children.
- B. The school district will make reasonable efforts to collect unpaid meal charges classified as delinquent debt. Unpaid meal charges are designated as delinquent debt when payment is overdue, the debt is considered collectable, and efforts are being made to collect it.
- C. Negative balances of more than \$1, (not paid prior to *end of the school year*), will be turned over to the executive director or executive director's designee for collection. In some instances, the school district does use a collection agency to collect unpaid school meal debts after reasonable efforts first have been made by the school district to collect the debt. Collection options may include, but are not limited to, use of collection agencies, claims in the conciliation court, or any other legal method permitted by law.
- D. The school district may not enlist the assistance of non-school district employees, such as volunteers, to engage in debt collection efforts.
- E. The school district will not impose any other restriction prohibited under Minnesota Statutes, section 123B.37 due to unpaid student meal balances. The school district will not limit a student's participation in any school activities, graduation ceremonies, field trips, athletics, activity clubs, or other extracurricular activities or access to materials, technology, or other items provided to students due to an unpaid student meal balance.

V. COMMUNICATION OF POLICY

- A. This policy and any pertinent supporting information shall be provided in writing (i.e., mail, email, back-to-school packet, student handbook, etc.) to:
 - 1. all households at or before the start of each school year;
 - 2. students and families who transfer into the school district, at the time of enrollment; and
