- I. Review 2024-2025 Calendar Options – One calendar started in August and went through May, the other went from after Labor Day to 1 day into June. There were 7 staff who supported starting after Labor Day and 4 supporting starting before to get out in May. There was also some wording changed in the keys and board meetings will be added. The committee will recommend the board adopt the calendar that starts after Labor Day. There is a date that might change, waiting to hear from admin before the final goes to the board for the February meeting.

Adjourned – 4:40pm
