- I. Review Policy 426 – Krause-Anderson stated we needed to review part H of the policy with regards to the handbook. They needed to match. The handbook referred to the policy. Krause says they must say the same thing. Lydia will put the language from the policy into the handbook. No changes made to the policy.
- II. Review Policy 524 – The legislature added language for cell phones. Aspen will keep the generic language from the statute and add procedures for cell phone use in the handbook. Stephanie will send the redlined version to the board for approval in January.
