- I. Review 2025-2026 Calendar Options – There were 3 calendar options provided by admin. Each had adequate hours for students and staff, started after Labor Day and finished the first week of June. Staff were given the calendars last Thursday and provided feedback. No staff preferred calendar A with more staff workdays. Two staff said either B or C and 9 staff members preferred C. The committee discussed the 3 options, noting that C had less paid days for paras, 5 snow days which should be enough and 3 built-in days for Read Act training on your own. Those days would be the Monday and Tuesday of Thanksgiving week and June 4<sup>th</sup>. Teachers would not have to specifically use those days for Read Act training, but are provided to cover time for the extensive training during the year. The committee decided to recommend option C to the board for approval at the February board meeting.

Adjourned – 4:40pm
